

Tuesday 14th April 2026

Dear Families,

We hope that you are all well and that you had an enjoyable Easter break. We are now entering the summer term and, as always, we have lots of fabulous events planned for the term ahead, which we hope you will all be part of. We will of course keep you posted about these events in due course.

Chocolate Fair

It really was lovely to see so many of our families join us for our first Chocolate Fair. It was a fabulous event, which was very much enjoyed by the children. We are also really pleased to inform you that we raised a fabulous £660.50, which will support some much needed Science resources for the children so a huge thank you to you all for supporting this event.

The Big Walk and Wheel

A huge thank you to all of the children that made sure that they were coming to school in an active way for the last two weeks of the spring term. Our TEAs enjoyed cheering the children, as they approached the gates every morning and we were thrilled to see so many of our children take part in this event. We were also really pleased to have received lots of entries for the 'Rev up your Rucksack' competition. The TEAs will be judging the entries this week and we will announce our winner in the next Bulletin.

Mobile Free School

We are sure that you will have all seen by now that Lonesome Primary School will now be a Mobile Free Zone. This is following the DfE guidance set out for all schools in England and came into effect on 1st April. As per the information sent out at the end of the term, children are no longer permitted to bring Smart Phones into school. If your child needs a phone as they are travelling to school on their own from a distance, we suggest that they bring in a non-smart phone. This will ensure that you can call or text your child to ensure they have got to school safely. All phones will be handed in at the gate and locked away in the office for

the school day and the children can collect them from the gate on their way home. We thank you for your support with these changes.

Pizza Parties

It was so lovely to see so many of the classes receive pizza parties at the end of last term for their 100% attendance all week. During the last week of term, Lincoln and Wonder both received Pizza Parties and they all had a wonderful time. Not only did the children enjoy a wonderful pizza lunch, they also had an afternoon dedicated to games and a very special chocolate bar. We are very much looking forward to seeing which classes will win this prize over the next term.

BeDifferent Bookworm Successes

A big congratulations to all of the children in Years 1 to 3, who earned a scented bookmark for reading four or more times each week during the spring term. We would like to encourage families to continue reading at home with their children at least four times a week and whenever possible daily. Regular reading with an adult is extremely important in supporting your child's reading progress. Once you have read together, please remember to record this by signing your child's reading journal so we know reading has taken place.

Ennis	Wonder	Milne	Lincoln

Home Learning Winners

A huge well done to our second half of the spring term Home Learning winners. We had some fabulous home learning sent in last term so a huge thank you to all of our families that supported with this. This term our winners included: a model fairy garden, a large picture of the Taj Mahal..... Well done to those children who won last term.

Class	Winner
Ennis	Momina and Ryby
Wonder	
Milne	
Lincoln	
Pankhurst	
Mandela	
Roots	Skylar
Wilberforce	

Attendance

Class	Percentage %
Einstein AM	97%
Einstein FT	92%
Livingstone	97%
Donaldson	100%
Ennis	97%
Wonder	95%
Lincoln	94%
Milne	84%
Mandela	96%
Pankhurst	99%
Wilberforce	90%
Roots	95%
Buble	95%
Total	94%

We would like to say a huge thank you to all of our families for ensuring that their child was in school on the run up to the Easter holidays. We are pleased to share that this was the best end of term attendance that we have had for a while. We can, of course, always do better so let's work together to try and improve over attendance even more over the next term. We really do appreciate all of your support with this.

Mathletics

Science Boffins

The children **delighted** in the wonders of Science towards the end of last term, as we welcomed a number of BeDifferent Science Boffin workshops in school. The children explored what happened when various chemicals are combined and experienced **first-hand** how noisy and 'explosive' Science can be.

Ground Force

The sun was smiling down on us, as we busily prepared the grounds for the planting of new shrubs and plants. With thanks to Mrs Smith, we set about clearing the wild patch at the back of the Key Stage 2 playground. Weeds removed and the greenhouse prepared. The grounds were looking better in no time. Thank you to the families and staff that joined us and spared a little time to support – it was very much appreciated.
