

Cultural Kitchen Family Event Wednesday 5th October 2022

To continue to celebrate the cultural diversity of our families, we invited them into school to share a range of delicious dishes from around the world. Families and children were encouraged to cook and bring a dish that represents what they enjoy eating at home.

Each year group decorated a table and display board to represent the continent that they have been learning about as part of our Life on a Plate fortnight and dishes were grouped according to the continent from which they originate. We received an incredible array of foods from Indian curries to Brazilian sweet treats to Bulgarian pastries. At a cost of £3.00 per adult, our families ate well and enjoyed sampling dishes they had never tried before, as well as raising much needed funds for cooking and kitchen utensils for the schools.

Lonesome:

We raised an incredible £235 at Lonesome for our cooking and kitchen utensils.

Singlegate:

We raised an incredible £214 at Singlegate for our cooking and kitchen utensils.

William Morris:

We raised an incredible £171.50 at William Morris for our cooking and kitchen utensils.
