

Engage: Workshop
10.6.19

Express: Dress Up
Dav

Communication and Language

Listening and attention

Listen to stories, predict and answer questions about them

Role play activities

Circle time discussions around pollution, litter and sustainable living

Understanding

Following instructions to sort materials

Write instructions to recycle materials

Answering how and why questions about the topic and stories

Speaking

Vocab bank of new topic themed vocabulary

Explain what you are going to do to go green

Act out stories

Explain to someone why it is important to recycle/care for the planet

Literacy

Reading

Recognising signs and symbols to do with litter, recycling etc

Sequencing recycling themed stories – Messy Magpie, Polly the plastic bag, George saves the World by lunchtime, King Wastealot

Read labels in recycling role play area

Act out King Wastealot story

Answer questions about a story

Writing

Creating posters about litter/wildlife/recycling

Writing labels for recycling area

Writing instructions for recycling an item

List of actions that you could do to be 'green'

Writing stories with narrative elements based on a familiar story

Personal, Social and Emotional Development

Self-confidence and self-awareness

Managing feelings and behaviour

Making Relationships

Decide on a going green goal

Ask chn to decide on class 'green charter'

Identify how people may feel in polluted environment or clean environment

Create poster and explain what it is for

Take part in litter workshop and litter picking

During circle activities share ideas and opinions about pollution and its impact using focus stories as a starting point

Talk about green behaviours and identify consequences for themselves and others.

Discuss changes for transition to year one

SUMMER TERM 2 2019

Activities

A Different Future **Foundation Stage**

Expressive Art and Design

Exploring and using media and materials

Use recyclable materials for collage, models, mobiles

Junk instruments

Listen to the sounds of junk

Learn a recycling themed song

Describe the textures of different materials

What else could you do with this?

Being imaginative

Role play recycling centre

Create pics of a polluted world and a green world

Create natural materials collage and a junk materials collage

Write instructions for recycling an item

Creative artwork to represent their own ideas about recycling and reusing litter

Understanding of the World

People and communities

Find out about the job of a dustman/recycling worker

The world

Growing cress

Caring for the school garden

Litter picking in the local environment

Sorting materials for recycling

Learn about the impact on wildlife of pollution

Compare before and after litter picking photos to discuss impact on environment

Sort materials according to their properties

Identify common materials and simple uses for them

Create an eco-brick

Technology

Take before and after photos of litter picking

Learn the importance of saving energy eg switching off lights and appliances etc

Mathematics

Numbers

Collect litter and count it

Sort litter and create pictogram

Litter/recycling themed number problems

Number bonds to 10

Shape, space and measures

Sort materials according to shape -3D

Describe the shapes of everyday packaging

Use shapes to design a logo

Capacity –full empty bottles, how many will fit in a container

Directions

Physical Development

Moving and handling

Skills practise for Sport's Day –Large and small movements in a range of ways

Use small games equipment to develop skills – throwing , catching, kicking etc

Health and self-care

Importance of walking and cycling vs car to keep us healthy in mind and body

Food that you can grow
