

Lonesome's Eco Code 2024-2025

BeDifferent
Federation

L	Love Nature: Respect and protect all forms of life, from plants to animals, ensuring our school environment supports biodiversity.
O	Opt for Sustainability: Choose eco-friendly products and practices, reducing waste and promoting recycling and reusing materials.
N	Nurture Wildlife: Create habitats such as bug hotels, bird feeders, and ponds to encourage and support local wildlife.
E	Energy Conservation: Be mindful of energy use by turning off lights and electrical devices when not in use, and promoting renewable energy sources.
S	Save Water: Use water wisely, fix leaks, and encourage practices that reduce water waste.
O	Organise Clean-Ups: Participate in regular litter picking and street clean-ups to keep our school and community clean.
M	Minimise Waste: Reduce, reuse, and recycle materials whenever possible, and promote the use of eco-friendly products.
E	Educate and Engage: Raise awareness about environmental issues and involve the whole school community in eco-friendly projects.
