### Pizza Party Attendance Celebration 2024-2025

Last academic year our Head Boy and Girl team launched the Pizza Party attendance celebration as an incentive to motivate and reward children whose classes achieved the National target of 94%. We focused on a Friday as we had noticed that attendance on this day was the lowest across the week and tracked attendance of all classes to see which classes achieved this target. All classes who achieved the target received either a personalised pencil or certificate to celebrate and the class with the overall best attendance enjoyed a Pizza Party the following Wednesday.

We re-launched the Pizza Party initiative again this year and have seen some great attendance so far, with some classes achieving 100% attendance on a Friday in order to improve their chances of enjoying the all-important and delicious Pizza Party the following week.

Each Monday, we announce the winners of the Pizza Party in assemblies and have also started a display in the hall to celebrate those classes who achieve the Pizza Party reward each week. These classes are also celebrated in our school magazines, bulletins and on our website. The children arrive on a Monday morning to the Pizza Plushie waiting for them in their classroom and our very special door sign announcing their class as the winners.
