

Celebrating attendance at the BeDifferent Federation

This term our Head Boy and Girl teams have been looking at ways to improve attendance across the Federation. They identified that for some classes, attendance on a Friday is the lowest across the week and wanted to find out what may motivate children to be in school more on a Friday. The children sought feedback from each class and decided that we should celebrate attendance on a Friday with a very special event.

The class with the highest attendance on a Friday will enjoy their very own Pizza Party celebration the following Wednesday – complete with pizza, garlic bread and mini donuts! All other classes who achieve the attendance target of 94% for that Friday will be awarded with a personalised certificate or special attendance pencil to celebrate achieving the class target.

The classes who have been awarded our special Pizza Party so far include:

Singlegate: Euston (week ending 2nd February) and Knightsbridge (week ending 9th February)

Lonesome: Palin (week ending 2nd February) and Donaldson (week ending 9th February)

William Morris: Rowling (week ending 2nd February) and Potter (week ending 9th February)
