Barriers to future attainment	
In-school barriers (issues to be addressed in school, such as poor oral language skills)	
Lack of confidence and ability to manage feelings	
Gap between pupil premium and non-pupil children making accelerated progress in reading	
External barriers (issues which also require action outside school, such as low attendance rates)	
Ability of parents being able to support their children's learning at home (home language/long work hours/understanding of present curriculum)	
Mobility	
Desired outcomes (Desired outcomes and how they will be measured)
