Barriers to future attainment	
In-school barriers (issues to be addressed in school, such as poor oral language skills)	
The impact of Covid-19 on children's attendance and attainment. Many of our disadvantaged children have been impacted by partial school closures to a greater extent than for other children. Although not a significant concern in such a disrupted period of two years, attendance for disadvantaged pupils was slightly lower than non-pupil premium peers.	
Internal assessment and observations of children indicates under-developed oral language skills and vocabulary gaps among disadvantaged groups.	
Ongoing monitoring of the access and use of the Google Classroom reflects the challenges for families in accessing home learning tasks confidently.	
Internal assessments indicate that there is a gap between pupil premium and non-pupil premium children making accelerated progress in Mathematics.	
External barriers (issues which also require action outside school, such as low attendance rates)	
Ability of parents being able to support their children's learning at home (home language/long work hours/understanding of present curriculum)	
Mobility of families	
In-year admissions: Pupil Premium children often join as in-year admissions. They are often below ARE on entry to the school.	
Desired outcomes (Desired outcomes and how they will be measured)	
Children form and maintain positive relationships with peers and staff.	All Pupil Premium children achieve Early Learning Goals for Personal, Social and Emotional Development (Reception).
Children interact confidently in a variety of situations in school.	Make progress towards achieving the ELGs (Nursery).
To achieve and improve sustained wellbeing for all children in the Federation, particularly our disadvantaged group.	Improved oral language skills and vocabulary in a range of extra-curricular activities.
	Participate fully and confidently in a range of extra-curricular activities.

<p>Improve the opportunities for developing a wider vocabulary in order to support the children's reading and writing skills in the Foundation Stage in order to increase the percentage of children achieving the Good Level of Development.</p>	<p>GLD target will be met for all children but specifically our disadvantaged children.</p> <p>Rapid Recovery reading and phonics groups will support improved early reading skills and acquisition of language.</p>
<p>Higher rates of progress (accelerated) in reading, writing and Mathematics for Pupil Premium children</p>	<p>Gap narrowed between Pupil Premium and non-Pupil Premium due to PP children making accelerated progress. Children below ARE in September 2023 – are at ARE by July 2024</p> <p>Attainment gap to narrow</p> <p>ARE – Key Stage One R- 2023 – difference 12% -PP W - 2023 – difference 3% -PP M - 2023 – difference 25% -PP</p> <p>ARE - Key Stage Two R – 2023 – difference 21% -PP W - 2023 – difference 27% -PP M - 2023 – difference 13% -PP</p> <p>Staff performance management target groups will monitor the progress of PP children over time.</p>
<p>Improved and sustained attendance for all children, particularly for our disadvantaged children</p>	<p>Sustained high attendance from 2023-2024 demonstrated by: The attendance gap between disadvantaged and non-disadvantaged peers being reduced from 4% to 2%.</p>
