What a successful week of 'walking' it has been! It has been fabulous to see how well the children have embraced this competition and how eager they have been to show us just how many steps they have managed to walk each day.

A bit of healthy competition is always good to see as well as children challenging themselves to beat the number of steps they have managed to walk each day. The children should feel super proud of themselves!

Our JTA's did an excellent job at promoting and encouraging children as they entered the school gates each morning. They were also challenged to calculate the total number of steps each class had walked each day and they did this well!

We are very proud to announce the top three winners for our 'Walk this Way' competition...

**First place - Glennie with [207204](#)
Second place - Kingsley with [172119](#)
Third place - Luther King with [152443](#)**

The number of steps walked across the entire school is a grand total of [1,378,224](#)! WOW!

Watch this space for the next competition...
