

The Walker's Winter Wardrobe Competition

February 2023

The Junior Travel Ambassadors this term set the whole school the challenge of designing their very own, personalised walker's wardrobe. The aim of the competition was to draw, design or make an item of clothing or the whole outfit for a walker to wear on their journey to and from school. The design needed to factor in warmth, visibility and practicality.

Our JTA's then had the impossible task of selecting just one entry per school from the incredible selection received.

Congratulations to our wonderful winners!
