Year 2 Homework Projects Autumn 2- Jungle all the way

ENGLISH

Do you know which animals are in the jungle? Which one is your favourite? Could you create a simple rhyming poem about your favourite jungle animal?

How do they look? What do they eat? What do they do?

These are just some of the ideas you could include.

MATHEMATICS

This is your answer
28

Can you find 5 calculations that make this number?

Is it a multiple of 2?

5?

10?

Why? Why not?

SCIENCE

We will be learning about Animals and their habitats. The zoo were putting animals back in their natural habitats and they got them mixed up. The polar bear found himself in the jungle. How could the polar bear adapt to live in the jungle? Draw and label a before and after picture.

ART & DESIGN

Create a jungle in a shoe box! Consider the materials you will use and how you will make the different parts and animals in the jungle. Could you add moving parts? You could even do a design drawing first to plan out your ideas.

COMPUTING

Can you research about your favourite animals? Which websites would be most appropriate? Could you create a poster? Use the computer to research your favourite animal. You can then create a poster on the computer or using paper and pencil.

HISTORY

Who was the first explorer to discover the jungle or rainforest and its animals?
Can you write about them and what they found?
