## Year 5 Homework Projects Autumn 2

### ENGLISH

Can you write your own fact sheet about a country of your choice.

Consider how to get there from Mitcham, the weather conditions, wildlife and the scenery.

### MATHEMATICS

You are stranded on a desert island and only have 2 bananas, 4 apples and 7 watermelons to eat each day. How many pieces of each fruit would you need to survive for...

- A week
- A month
- A year

### SCIENCE

Research the water cycle and draw a picture that represents each stage.

How would this cycle keep you alive if you were stranded on a desert island?

### ART & DESIGN

Imagine you are stranded on a desert island.

Can you create a map of the island to help you locate everything that you will need to survive?

### COMPUTING

Research a famous voyager of your choice by studying a vlog that they have created.

Summarise this person and explain what makes them stand out. Do they inspire you in any way?

### HISTORY

How have round the world voyages changed over time?

For example, what differences did Roald Amundsen have to overcome in 1928 that Laura Dekker does not need to worry about? Are there any similarities between their expeditions?
